

Sandeep Saini

Full-Stack Software Developer

Logical and results-driven full stack developer with 2+ years of hands on experience designing, developing, and implementing applications and solutions using a range of technologies and programming languages. Technically proficient and analytical problem solver with calm and focused demeanor. Seeking to leverage broad development experience and hands-on technical expertise in a challenging role as a Full-stack Developer.

Work Experience

Heroic Minds | Full Stack developer

Remote | May 2022 - Present

- Designed and created a self-improvement platform on iOS and Android, utilizing a range of technologies, including Node.js, Typescript, React, and AWS
- Ensure applications security and ability to interact with multiple APIs and databases
- Redesigned original application design to improve navigation, enhance visuals and strengthen search engine rankings
- Increase app traffic 30% by developing user-oriented visuals and features using front-end languages, including HTML, CSS, and JavaScript
- Completed bug fixes and created informative and effective documentation, reports, and inline comments
- Participated in weekly code reviews to ensure code quality and receive mentoring from senior developers

Smart Living Properties | Full Stack developer

Ottawa | January 2021 – April 2022

- Designed and developed front-end and back-end applications utilizing React.js, Node.js, and TypeScript
- Developed 10+ new features and distributed services that support high-scale applications
- Collaborated with a team of seven in-house web designers to create sleek and innovative UI design.
- Authored code fixes and enhancements for inclusion in future code releases and patches.

Fiver | Web developer

Ottawa | September 2020 – December 2020

- Developed 10+ full-stack web applications to analyze and process data for different clients
- Developed and implemented a standalone data extraction "agent" and main-application features for a financial product
- Optimized company's complaint handling process by creating and delivering highly efficient app-based solutions
